INTERNSHIP INSIGHT IN CIVIL ENGINEERING

Department of civil engineering

A session on Internship insight in civil engineering was organized by department of civil engineering, student association “TAEZIZ” at the college seminar hall on 27/10/2023 at 2.30 pm. The session was conducted by Sarath CS, M. Tech student. An internship in civil engineering provides students with practical experience in the field, allowing them to apply class room knowledge to real world projects, the session was so informative.
