

TALK ON KERALA MUNICIPALITY BUILDING RULES & KERALA PANCHAYAT BUILDING RULES –CE DEPT.

In a bid to demystify Kerala's complex building regulations, Engineer Ajisan K Shaji, Urban planner took center stage in a webinar, offering invaluable insights into the state's municipality and panchayat building rules. Hosted on 8th October 2023, the online event attracted students, faculties, and engineers eager to unravel the intricacies of construction guidelines in Kerala. Engineer Ajisan commenced the webinar by providing a comprehensive overview of Kerala's municipality and panchayat building rules, shedding light on the regulatory framework governing construction activities across the state. Drawing from his extensive experience in the field, he navigated through the nuances of zoning regulations, building permits, and compliance standards, elucidating the key considerations for stakeholders involved in construction projects. Engineer Ajisan's engaging presentation not only demystified the intricacies of building regulations but also inspired attendees to uphold the highest standards of craftsmanship and safety in their endeavors across the vibrant landscape of Kerala's construction industry. The talk was attended by 82 participants both internal and external.
