

Concise report on placement related activities for the period 2020-2021

“Training sessions are vital to the learning process, they are only one step in the learning process and this should never be forgotten.”

Placement and Training are the two sides of a coin, both complimenting each other. STIST provides the best training in both online and offline mode for its students with the intention of creating maximum placements. The Training and placement office was very much active even during the pandemic and stormed the students with opportunities. The college proudly conducted a placement drive incorporating seventeen well established companies and students from all across Kerala participated in this drive.

Placement Committee 2021

- 1. Prof. Dr. A.G Mathew: Principal*
- 2. Mrs. Joe Thomas: Placement & Training Coordinator*

Department-wise Committee Members

- 3. Mrs. Sreeja M D: CE*
- 4. Mr. Asish Zacharia : ME*
- 5. Mrs. Asha Nandhan: EEE*
- 6. Mrs. Preethy Koshy: EC*
- 7. Mrs. Divya Susan : CSE*

The committee meets once in a week in the case of major programmes or else once in a month.

Unlike yesteryears', Covid pandemic has created more reach for job seekers and this helped the training cell to share several placement opportunities with the students. Students participated in the virtual placements initiated by renowned companies like INFOSYS, TCS, IBS, DXC TECHNOLOGIES, UST GLOBAL, POLUS SOFTWARE, SPERIDIAN TECHNOLOGY, JARO EDUCATION SOFTWARE, ACCENTURE, PRATIAN TECHNOLOGIES, TATA ELXSI, ACSIA, SKILLACTZ, VVDN TECHNOLOGIES, WIPRO, HCL, SOTI, Byju's and many more companies.

Mentioned below is a Glimpse through the activities.

Training Programmes & Internship

Internship at Airport Authority of India: In July 2021, students from all the five departments attended internship training offered by AAI Trivandrum.

GenSkill: Training and Placement Cell of STIST organized a virtual training session for the final year as well as other students on Introduction to programming & Full Stack Engineering Bootcamp

Twenty four students from the CS department took part in the training programme of Mahindra Nandi organized by KTU.

GTECH campus connect initiative through Discord platform: Three students from STIST joined the platform as campus ambassadors.

JAY'S ACADEMY: Training and Placement Cell of STIST organized a virtual training session for a period of two weeks: from 9-21 October 2020 in association with Jay's Academy for the final year students of STIST. The training focused on Numerical Reasoning and Verbal Ability along with sessions on GD, soft skills and programming & coding.

Learning experiences are like journeys. The journey starts where the learning is now and ends where the learner is more successful. The end of the journey isn't knowing more, it's doing more.
